Aesthetic Design Mushroom Head

The aesthetic head design is shaped to compliment a clean finish in cabinetry, furniture, and more. The head is bold to show its architectural shape and decorates visible surfaces.

Graduated Shoulder

The bigger head increases holding power on the wood, while the graduated shoulder from head to shank ensures maximum strength for the fastener head.

Fast Start Tip

With sharp threads all the way to the tip, the fastener has an immediate grip for a fast start. The inset thread cut drastically reduces the splitting effect and minimizes the driving torque needed to engage the wood.

Excellent For Joinery Tools

Size #8 head has been designed to fit perfectly with most pocket joinery tools on the market. Excellent for cabinetry and more! Kreg Jig® compatible.

The advanced Cabinetry (& more!) Wood Screw with **ZYTEC™ GX** corrosion protection coating for exterior environments.
Great for any size job or project.

Available in 1lb, 5lb and 1/4 Keg
All Packaging Includes Drive Bit!

THE ULTIMATE FASTENERS

EXTERIOR CABINETS & MORE

The AURA™ screw features an aesthetic design of the mushroom head shaped to fit in cabinetry, furniture and more. The large diameter head of the fastener ensures increased holding power. The Self-Tapping Thread cuts effectively through materials such as wood, plastic and sheet metal. The head size on the #8 version has been designed to fit most pocket joinery tools on the market. Our extra sharp Fast Start Tip allows the screw to grip quickly into the wood providing easy installation.

STAR DRIVE

TX20 INT EXT

TYPICAL EXTERIOR USE

ZYTEC™GX Coating: Tested and recognized for use in most ground contact pressure treated lumber for general exterior construction as described by the American Wood Protection Association (AWPA) U1 UC4A or below. Always follow timber manufacturer's recommendations for fasteners.

Common Applications

- Commercial & residential
- General indoor and outdoor jobs
- Cabinetry
- #8 version is great for pocket joinery
- Vinyl & aluminum windows & doors
- Furniture manufacturing
- And Much more!

Sizes Available: #8 x 1" to #10 x 3"
