MALONE®
CHANGING THE WAY YOU GET THERE

Limited Five (5) Year Warranty

The Malone Auto Racks (Malone) Limited 5 Year Warranty covers certain Malone-brand products that have been specifically identified for inclusion in the program. This warranty is in effect for five (5) years, from the time of sale, for the original retail purchaser of the product. This warranty is terminated after five years from the date of purchase, or, when the original retail purchaser sells or otherwise transfers the product to any other person or entity during the five year warranty period.

Subject to the limitations and exclusions described in this warranty, Malone will remedy defects in materials and/or workmanship by repairing or replacing, at its option, a defective product without charge for parts or labor. Malone may elect, at its option, not to repair or replace a defective product but rather issue to the original retail purchaser a refund equal to the purchase price paid for the product, or credit to be used toward the purchase of a replacement Malone product.

This warranty does not cover, and no warranty is given for defects or problems caused by normal wear and tear, which includes, but is not limited to, surface (aesthetic) metal corrosion, scratches, dents, deformities, accidents, unlawful vehicle operation, or any modification of a product not performed or authorized in writing by Malone.

In addition, this warranty does not cover problems resulting from conditions beyond Malone's control including, but not limited to, theft, misuse, overloading, or failure to assemble, mount or use the product in accordance with Malone's written instructions or guidelines included with the product provided to the original retail purchaser.

No warranty is given for Malone products purchased outside of the continental United States, Canada and Mexico.

If the product is believed to be defective, the original retail purchaser should contact the Malone dealer from whom it was purchased, who will give the original retail purchaser instructions on how to proceed. If the original retail purchaser is unable to contact the Malone dealer, or the dealer is not able to remedy the defect, the original retail purchaser should contact Malone by email at support@maloneautoracks.com.

In the event that the product must be returned to Malone, a technician at the email address above will provide the original purchaser with return shipping instructions. The original purchaser will be responsible for the cost of mailing the product to Malone. In order to be eligible to receive any remedy under this warranty, a copy of the original purchase receipt, a description of the defect and a return address must be provided.

Disclaimer of Liability

Repair or replacement of a defective product, or the issue of a refund or credit (as determined by Malone) is the original retail purchaser's sole and exclusive remedy under this warranty. Damage to original purchaser's vehicle, cargo, or property, and/ or to any other person or property is not covered by this warranty.

This warranty is expressly made in lieu of any and all other warranties, express or implied, including the warranties of merchantability and fitness of a particular purpose

Malone's sole liability to any purchaser is limited to the remedy set forth above. In no event will Malone be liable for any direct, indirect, consequential, incidental, special, exemplary, or punitive damages , or, for any other damages of any kind or nature (including but not limited to, lost profits, lost income or lost sales).

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not be applicable.

In addition, all vehicular transports are potentially hazardous. Any person(s) using Malone products are personally responsible for following the given directions for use and/or installation and accepts full responsibility for any and all damages or injury of any kind including death, which may result from their use and/or installation.

MALONE®
CHANGING THE WAY YOU GET THERE

MPG474 & MPG446 Tier System
Fits MPG460G, MPG460XT, MPG464-LB
MPG440BLK & MPG444LB-BLK

Shown above on MPG460XT

1. Re-position the trailer's front loadbar exactly 50" on center forward of the rear loadbar.

2. While assembling, leave all bolts slightly loose, then fully tighten last.

3. Remove the forward tongue bolt, then re-install it with the brace bars on either side.

4. Sandwich the rear cross member between the rear brace plate and two large U-bolts.

5. Attach the front brace plate to forward load bar support tube with small U-bolts.

6. Attach the vertical tubes to the rear facing side of the brace plates using small U-bolts.

7. Install end plugs in tie tube-1, brace tube-1 top end only.

8. Install front and rear brackets onto tie tube.

9. Install tie tube on top of vertical tubes.

10. Install sliding brackets.

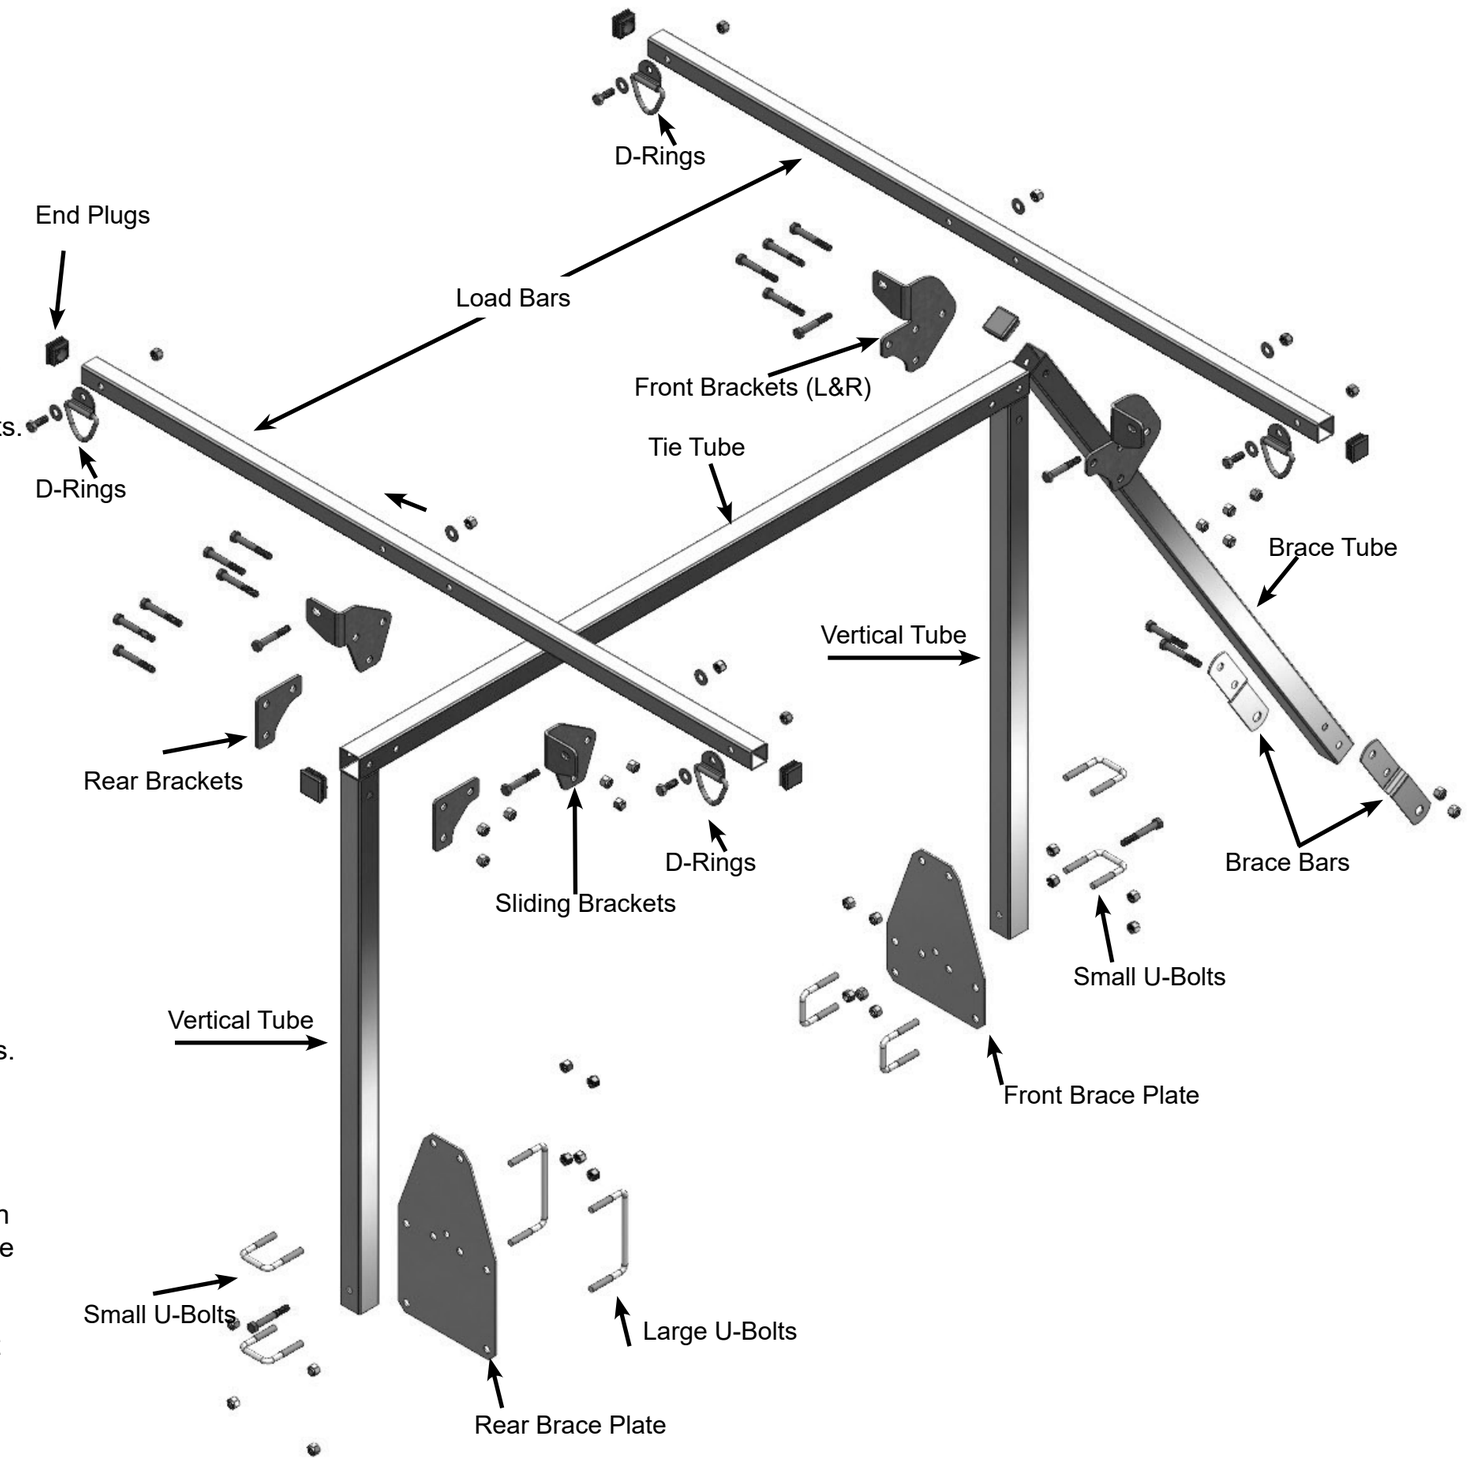
11. Install loadbars using 4 short bolts with washers.

12. Install brace tube.

13. Tighten all bolts except sliding bracket bolts. DO NOT over tighten and crush tubes.

14. Position rear loadbar to your preferred loadbar spacing and tighten the sliding brackets.

15. Install the D-Rings to the ends of the load bars. Slide a nylon lock nut into the open end of the load bar and align with the hole. Insert bolt with washer and hand tighten the bolt.

16. Use a 9/16 socket and wrench to tighten, or Slip a screwdriver under the nylon nut to hold it in place as you fully tighten the bolt with a 9/16 socket/wrench.


17. Add the end caps to your load bars to complete your trailer.
