**Directions for Use:** Wipe away excess matter that may have collected in the corner of the eyes. **Set nozzle to stream setting.** Spray 3 times directly into each eye with Vetericyn Plus Antimicrobial Pink Eye Spray. Apply 1-2 times per day until condition is no longer visible. No rinsing necessary. Use with damaged corneas should be under veterinary supervision.

**Use Precautions:** For external use only, not for injection. Always consult with a veterinarian for systemic conditions. Discontinue use if irritation develops and contact your veterinarian. **For animal use only, not for human use.** Keep out of reach of children. Safe if licked or ingested by animal. Will not stain and contains no harsh chemicals or dyes.

Innovacyn products are manufactured under strict quality guidelines of ISO 13485 and FDA QSR. Vetericyn Plus liquid formula contains Hypochlorous Acid, a known antimicrobial, which serves as a preservative to inhibit the growth of microorganisms in the solution.

Part Number: 1100; 90040 v5.3
