5/16" Nut 30pcs

## Start to assemble the Nest: Tools Needed—Screwdriver and a 5/16" socket or wrench

Step 1: Attach Panel "A" to the back panel using screws (No. 1), then the attach panels "B" and "C" the same way.

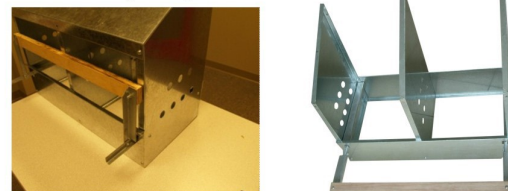

Step 2: Attach front panel to panels "A", "B" and "C" using screws (No. 1)

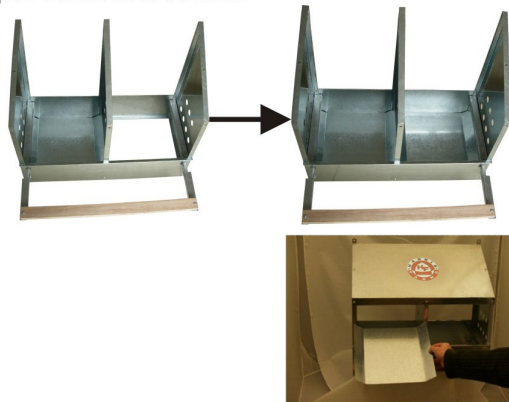

Step 3: Insert the 2 long perch arms from the hole of front panel and tighten them using screws (No. 1)

Step 4: Attach the short perch bracket to the long perch arms using screws (No. 1). Next, attach the wood perch using screws (No. 2).

Step 5: Insert nest bottom.

Step 6: Put on the top panel and hand tighten using screws(No.1).

The wood perch can be folded.

Step 7: Attach 2 hanger brackets to the back of both corners using screws( No.1).
