Recreational Ponds,  
Horses, Livestock, Birds,  
Pets, Fish, Wildlife and  
the Environment.

**Treats 75' of Shoreline up to 3 Months**

Approximately 8 Scoops  
Net Contents: 4 lb • 1.8 kg

MuckAway is the Original Muck Reducer leading the industry as the most effective and proven solution in muck reduction. Developed from over 20 years of research and comprehensive field studies, MuckAway bacteria rapidly consume muck, converting it to an odorless gas which escapes unnoticed out of the water column. MuckAway utilizes BioMax™ Technology, a proprietary method to formulate the safest and most effective natural treatment - MuckAway eliminates up to 2" of muck each month!

## MuckAway Directions For Use

**DOSAGE RATE:** Use 1 scoop per 1,000 sq. ft. of treatment area every 2-4 weeks. Example: To treat a beach area that consists of 75' of shoreline and extends 20' out into the pond or lake:  $75 \times 20 = 1,500$  sq. ft. = 1.5 scoops

**WHEN TO APPLY:** When water temperatures are above 50° F. Treat monthly for routine, preventative maintenance. For more aggressive treatment and faster results, apply MuckAway every two weeks.

**HOW TO APPLY:** Broadcast MuckAway evenly over the treatment area.

### WATER USE RESTRICTIONS:

MuckAway may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with MuckAway may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. *Not tested on water intended for human consumption.*

### STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow to freeze. Wear rubber gloves when handling. Avoid dust inhalation. Avoid

contact with skin, eyes and clothing. Wash with soap and water after use. MuckAway has a 5-Year shelf life.

### ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. Airmax, Inc. is not responsible for any loss of aquatic life. This product is non-genetically altered and non-pathogenic. The microorganisms used to develop this product can be found naturally in soil and water.
