

3,200 LB LIFTING SLING

INSTALLATION INSTRUCTIONS

⚠ WARNING: Read and observe all warnings, instructions, and capacity limitations before using this product. Failure to comply with this warning and the associated instructions and capacity limitations may result in serious personal injury and/or significant property damage.

INSTRUCTIONS:

1. Determine the load of the lift. Choose a Webbing Sling that meets the proper load limits.
2. The safe working capacity for this product is dependent on the way in which the Webbing Sling is used – vertical, choker or basket style lifting. See Figure 1.
