

Little Big Shot Warranty

The Little Big Shot super nozzle is warranted for one year against workmanship and functionality. This nozzle is guaranteed not to leak due to these factors UP TO 60psi.

This warranty expressly does not guarantee against leaking due to damage of hose-end which would prevent a good seal between nozzle and hose, or to improper use.

For more detail, see the back label of our retail packaging below.

Little BIG SHOT Super Nozzle

PLEASE READ BEFORE USE

ASSEMBLED BY DISABLED U.S. VETERANS

Made in USA

The Little Big Shot® Super Nozzle puts maximum force & water efficiency in the palm of your hand. Precision-crafted from solid brass, it delivers more force with less water, and will not leak*. With 'Continuous Adjustability', water output ranges from a powerful sweep at the FULL-OPEN position for quick clean-up to a gentle, ultra fine pin-point stream for watering delicate seedlings. With superior performance, water efficiency and small size, it is perhaps the most Earth-Friendly adjustable nozzle available today, and sure to be the biggest little nozzle you'll ever own. Fits any standard garden hose.

EARTH-FRIENDLY!

| Nozzle Name | Weight (oz) | Difference |
|-------------------------|-------------|------------|
| Little Big Shot® | 2.6 | N/A |
| 'Classic' Pistol Nozzle | 7.5 | 2.9x |
| Water Jet™ | 12.7 | 4.9x |
| Fireman's Nozzle | 21.3 | 8.2x |

40% MORE FORCE*
As a sweeper, it delivers a surprisingly powerful force, 40% more than the Water Jet™ power washer at full-open position, for quick and efficient sweeping. NOTE: Source water pressure will vary. Actual force dependent on source water pressure.

40% LESS WATER!*
Its water efficiency is simply remarkable, with 40% less water volume (gallons per minute) than the 'classic' pistol nozzle. Both nozzles tested at full-open position.
* see certified test results at www.kco-innovations.com/item-1/testcert

WILL NOT LEAK!*(< 60 psi)
Our Perma-Washer™, made of a space-age elastomer, will not corrode, come loose accidentally, or leak.* If the product ever leaks due to faulty material or workmanship, return to K-CO Products, LLC, along with original receipt for replacement. (*NOTE: UP TO 60psi. Hose ends can cause leaks if bent or damaged. Be sure to repair damaged ends and/or replace hoses as needed to avoid wasting water.)

Proper Maintenance:
Leave nozzle in FULL-OPEN position after use; remove from hose & store when not in use
