

POULTRY WOUND SPRAY

**All Natural • Non-Stinging
Made with Tea Tree Oil**

All Natural Veterinary Formula

MADE IN THE USA

16 Fl Oz. 473 ML

ANTI-MICROBIAL | ANTI-INFLAMMATORY

- Nature's Best Antiseptics
- Nature's Best Healing Agents. Rapid Acting
- Non-Irritating. No Alcohol Smell or Sting
- Can be used Directly on Open Wounds

INGREDIENTS: Pure TEA TREE OIL, Comfrey, Myrrh, Goldenseal and Aloe Vera in Deionized Water.

CAUTION: For deep puncture wounds consult your veterinarian. Avoid contact with eyes. If a pus discharge or bad odor persists, discontinue use and consult your veterinarian.

INDICATIONS: A rapid-acting, very safe, easily applied, non-greasy wound solution utilizing nature's best remedies.

DIRECTIONS: Before first application, gently clean affected area, removing all dirt and foreign material. Shake well and spray directly on affected areas or open wounds 2 to 3 times daily, coating the area liberally.

**For Animal Use Only.
SHAKE WELL BEFORE USING**
