- ✓ Promotes a Healthy Ecosystem

Safe for
Fish, Pets &
Horses

PONDTM
VALUE

It Works or Your Money BackTM

Pre-Measured
Dissolvable Packets

3 Month Treatment

Net Contents: 6 LBS / 2.72 KG (approx. 12 packets)

Before

After 45 Days!

HOW TO USE:

DO NOT OPEN PACKETS. Simply toss water soluble packet directly into the water. When using more than one packet, distribute evenly across the body of water. Apply every 2 weeks.

WHEN TO USE:

For best results, begin in early spring and apply when water temperatures are above 50°F.

EASY APPLICATION CHART

Pond Size (Surface Acres)	Dosage Rate (Every two weeks)	Months of Treatment
Up to 1/4 Acre	Apply 2 Packets	3
Up to 1/2 Acre	Apply 4 Packets	1.5
Up to 3/4 Acre	Apply 6 Packets	1

For ponds larger than 3/4 acre, use 8 packets per acre every 2-4 weeks.

Results You Can See

Day 1

Day 45

- Keeps pond water clear and healthy
- Ready to use, self-dispersing dye

Ultimate Blue™

Ultimate Shade™

HOW IT WORKS:

Ultimate Pond Clarifier is a special combination of highly concentrated natural bacteria and enzymes designed to promote a balanced, clean and healthy ecosystem. As leaves, debris and other waste accumulate into the pond, some of this waste becomes suspended within the water column causing poor water quality and foul odors. Once applied, Ultimate Pond Clarifier goes to work immediately to break down these suspended dead organics and results can be seen within a few applications.

STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow it to freeze. Wash with soap and water after use.

WATER USE RESTRICTIONS:

Ultimate Pond Clarifier may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with Ultimate Pond Clarifier may be used for recreation, fishing and other activities immediately after treatment. Do not apply to water that will be used for human consumption.

ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. PondValue™ is not responsible for any loss of aquatic life.

**Safe for fish, pets, horses, livestock, birds, wildlife,
recreational ponds and the environment.**
