Dimensions L x W x H	102" × 36" × 33"

## GENERAL SAFETY RULES

**WARNING:** Read and understand all instructions. Failure to follow all instructions listed below may result in serious injury.

**CAUTION:** Do not allow persons to operate or assemble this log dolly until they have read this manual and have developed a thorough understanding of how the log dolly works.

**WARNING:** The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions or situations that could occur. It must be understood by the operator that common sense and caution are factors which cannot be built into this product, but must be supplied by the operator.

## SAVE THESE INSTRUCTIONS

## WORK AREA

- **Keep work area clean**, free of clutter and well lit. Cluttered and dark work areas can cause accidents.
- **Keep children and bystanders** away while assembling or operating the log dolly. Distractions can cause you to lose control, so visitors should remain at a safe distance from the work area.
- **Be aware of all power lines, electrical circuits**, water pipes and other mechanical hazards in your work area, particularly those hazards below the work surface hidden from the operator's view that may be unintentionally contacted and may cause personal harm or property damage.
- **Be alert of your surroundings**. Using the log dolly in confined work areas may put you in a dangerous situation.

## PERSONAL SAFETY

- **Stay alert**, watch what you are doing and use common sense when using the log dolly. Do not use the log dolly while you are tired or under the influence of drugs, alcohol or medication. A moment of inattention while operating the log dolly may result in serious personal injury.
- **Dress properly**. Do not wear loose clothing, dangling objects, or jewelry. Keep your hair, clothing and gloves away from moving parts. Loose clothes, jewelry or long hair can be caught in moving parts.

## LOG DOLLY USE AND CARE

- **Do not modify the log dolly in any way**. Unauthorized modification may impair the function and/or safety and could affect the life of the equipment.
- **Always check for damaged or worn out parts before using the log dolly**. Broken parts will affect the log dolly operation. Replace or repair damaged or worn parts immediately.

### WARNINGS:

1. **BE AWARE of side hills or steep inclines**. Operate on flat surfaces as small inclines or hills can cause log dolly to tip over or roll out of control.
2. **NEVER use this log dolly at speed higher than 5MPH**. This log dolly is designed to operate at low speeds at all times.
3. **DO NOT transport people or pets with the log dolly**.
