

Important Safety Information

Read and understand all safety precautions and instructions before use.

- The Brush Grubber Xtreme is designed for outdoor use.
- Check Brush Grubber Xtreme before each and every use for signs of wear. Do Not use if damaged or if not working properly
- The Brush Grubber Xtreme is designed to remove brush up to 5" diameter
- The Brush Grubber Xtreme is not to be used on people or pets.
- **For use with tractors 451-IP or less.**

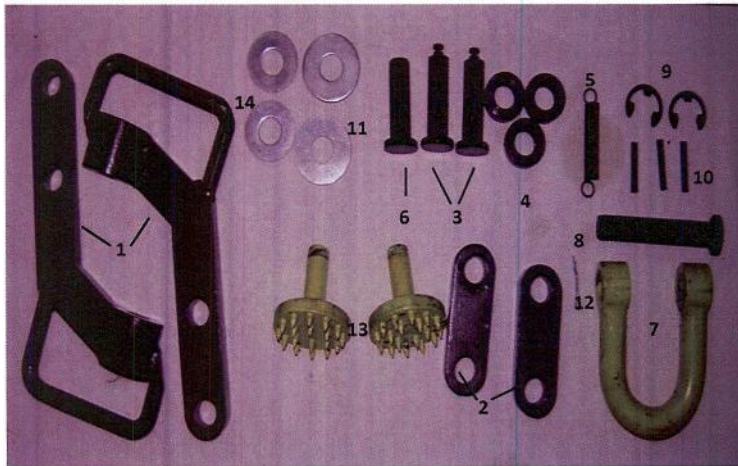

Instructions

1. Cut brush/tree off at 3ft to 0ft above the ground prior to removal.
2. Place Brush Grubber Xtreme on each side of trunk of brush near the base/ground with **spring on the Brush Grubber Xtreme placed towards the ground** as shown in figure 1.
3. Securely Attach a chain to the clevis of the Brush Grubber Xtreme and the opposite end of the chain to the towing/pulling vehicle. Take caution that the chain is long enough so the brush will not hit/strike the operator of the towing/pulling vehicle. **DO NOT jerk the Brush Grubber Xtreme while there is slack in the chain.**
4. To remove the Brush Grubber Xtreme from the trunk of brush push back on the clevis (towards the trunk) or pull jaws open using the large rugged handles on each side of the jaws.

***Take caution of all pinch points on the Brush Grubber Xtreme.**

***Take caution of Grip Pads when opening the jaws of the Brush Grubber Xtreme. Keep fingers and hands free and clear.**
