Easy Sport Harness

How To Measure

Girth – Wrap measuring tape around the deepest part of the dog's rib cage behind the front legs

Harness Size	Girth Measurement	Approximate Weight
Extra Small	16"-22"	15-25 lbs
Small	21"-27"	20-30 lbs
Medium	26"-32"	25-50 lbs
Large	29"-43"	65-80 lbs

Measuring your dog is the most accurate way to determine harness size. Weight ranges are only approximate. If your dog is between two sizes, choose the smaller.
