

50 Watt Off-Grid Expansion Kit (GS-50-EXP) Quick Connect Guide

IMPORTANT: Please read GS-STAR-50W connection guide (included with product) before assembling kit.

For additional information about Grape Solar products:
email Support@GrapeSolar.com, or
call **1-877-264-1014** for live telephone support.

1 Check your order to make sure that all parts are included:

- ❶ MC4 Branch Connector Set
- ❷ 2x 16-Inch MC4 Cables
- ❸ GS-STAR-50W Solar Panel

2 Mount the additional 50-watt solar panel ❸ so that it is facing due South at approximately the same angle as your latitude. The ideal area has full sun and no shading. If the following connections are made during daylight, cover all panels with cardboard, cloth, or a similar opaque material so that the panels do not output power.

3 Disconnect the MC4 connections of the original panel, and insert Branch Connectors ❶ into the resulting gap. Use the 16-inch MC4 cables ❷ to connect the 50-watt solar panel ❸ to the Branch Connectors ❶.

DISCLAIMER:

Installations of this kit could be subject to national and local building and electrical codes. Installers should have adequate knowledge of national and local code to ensure the installation passes inspection by the local electric authority.

Proper fuses or breakers should be used to comply with all local and national codes. Contact Grape Solar for specific recommendations.

All batteries used for this system should be identical. Do not mix battery types or sizes. Do not mix old batteries with new batteries. Performance and charging anomalies can occur if types, sizes, or age of batteries are not identical.

Grape Solar does not warrant the accuracy, sufficiency, or suitability to all customers of any technical or other information provided in product manuals. Grape Solar does not claim any responsibility or liability for losses, damages, costs or other expenses whether special, indirect, consequential or incidental, which might arise out of the use of such information.
