## Part # Varied LX LED General

### **GENERAL NOTES:**

- \* These instructions are also available on our website; [lazerstarlights.com](http://lazerstarlights.com). Check the website before you begin for any updated instructions and additional photos or videos for your reference.

### **PARTS LIST:**

#### \* **Varied – LX LED**

- \* Light Bar [Picture 1]
- \* Mount(s) [Picture 2]
- \* Connector and Plug [Picture 3]

### **Parts / Tools Needed to complete installation:**

- \* Basic simple hand tools.
  - \* 13mm Socket and Driver
  - \* 5mm Allen wrench
  - \* Wire Strippers
  - \* Soldering Iron and or Scotch Locks

*APPROXIMATE INSTALL TIME:* 30- 45 min.

### **INSTALLATION:**

1. Lights may be powered on either left or right side through the endcap. Install the electrical plug into the side not to be used. Lights may be wired from (1) one light to the next in a series.
2. DO NOT EXCEED THE FOLLOWING:
  - \* 10 Watt = 30 LEDs
  - \* 3 Watt = 72 LEDs
3. Use a switch. If you are using the Lazer Star Lights wiring kit, follow the instructions that are included with that kit. The switch and fuse specifications listed below are for when you have chosen NOT to use the wiring kit.

4. A relay is not required, but is strongly recommended for maximum performance & functionality to give you the maximum performance from your lights. Our wire kit (which uses 14 gauge wire and relay) was designed specifically for your lights.
5. Mount nut will slide into light from either end. The mounts can be placed anywhere in the track.
  - \* There should be at least (1) one mount in center of light bar.
6. Number of mounts required for bars:
  - \* 10" or less 2 recommended, 1 minimum
  - \* 12" to 32" 3 recommended, 2 minimum
  - \* 33" to 52" 4-5 recommended, 3 minimum
7. If you are having a problem with your Lazer Star LX LED Lights please contact us BEFORE you attempt to disassemble or repair the light yourself. See warranty information for further details.

*Note: Lazer Star LX LED Lights are for off-road use only.*

### **Use and Care Tips:**

- ✦ All high powered lights create heat; the aluminum construction of your Lazer Star Lights is an excellent dissipater of heat.
- ✦ Lazer Star Lights will not be responsible for damage or injury due to negligence during use.
- ✦ Check the Vehicle Code laws in your state. Knowing the law is YOUR responsibility. Some states are more strict than others when it comes to auxiliary lighting. Lazer Star Lights is not responsible for any violations of the law.
- ✦ Lazer Star Lights warranty does not cover damage to the covers or lights due to the light being operated with the cover affixed.
- ✦ Please review warranty information on the back of the packaging card or on our website for full details.

Installation is Complete  
THANK YOU FOR CHOOSING
