

SPACE-SAVING HVB HIGH VELOCITY BLOWER

Model 4924

Same great power, new contemporary look. The HVB High Velocity Blower Floor Fan has the power of 20" High Velocity Floor Fan in a slender, modernized body with more options! Along with the new look, we've added three speeds, optional oscillation for wide-ranging coverage and directional louvers to provide precise air delivery where it is needed the most. With its easy-grip handle you'll have no problem transporting this fan from room to room to get all of your jobs done.
