

RapiClear™ is designed to clear cloudy, muddled pond water quickly, usually within 1-3 hours depending on the size of the pond. RapiClear™ will quickly restore pond water to a brilliant shine.

RapiClear™ has unique properties allowing suspended particles in water to attract together and fall to the bottom of the pond where they can be vacuumed out or removed by filtration. The result is an extremely fast clearing of the pond.

RapiClear™ is safe for use with fish, plants, birds or domestic animals that drink from the pond.

Application Rates

1 fl oz / 30 mL	Treats up to 500 Gallons
2 fl oz / 60 mL	Treats up to 1,000 Gallons
4 fl oz / 120 mL	Treats up to 2,000 Gallons
8 fl oz / 240 mL	Treats up to 4,000 Gallons

SHAKE WELL BEFORE USE

POND SIZE CALCULATION:

$L \times W \times \text{Avg. Depth} \times 7.5 = \# \text{ of Gallons}$

Application Rate: When a problem arises, apply RapiClear™ as prescribed up to every 3 days until pond becomes clear.

Product Notices: Do not use other chemicals while treating with this product. Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in loss or injury to aquatic life. CrystalClear®, Inc. is not responsible for any loss of aquatic life.
