

ClearPAC® Plus

About ClearPAC Plus

Eliminate all guesswork in pond management with ClearPAC Plus, a complete, season-long, all-in-one pond care package.

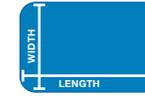

- Protect and shade the pond with a natural blue color using Nature's Blue Pond Dye.
- Keep ponds crystal clear all season using PondClear packets and EcoBoost PRx.
- Reduce pond muck up to 2" per month with MuckAway.

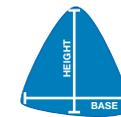

Surface Acre = 43,560 sq. ft.

CIRCLE
 $3.14 \times \text{Radius} \times \text{Radius} = \text{SURFACE ACRES}$
 43,560

SQUARE/RECTANGLE
 $\text{Length} \times \text{Width} = \text{SURFACE ACRES}$
 43,560

TRIANGLE
 $0.5 \times \text{Height} \times \text{Base} = \text{SURFACE ACRES}$
 43,560

Nb

Nature's Blue™

QUICK DOSAGE CHART

Pond Size (surface acres)	Application
Up to ¼	¼ to ½ Quart
Up to ½	½ to ¾ Quart
Up to ¾	¾ to 1 Quart
Up to 1	1 to 2 Quarts

Clear Water Application Guide

STEP 1

TREAT IT

Eliminate nuisance algae or weeds.

Do you have algae or weeds?

Yes: Treat with algaecide or herbicide. Water temperatures must be above 50° F.

No: Go to Step 2.

STEP 2

Nb

POUR IT

Ready to use concentrate.

Add Nature's Blue. Repeat every 4–8 weeks, or as needed.
 No temperature restrictions.

STEP 3

Eb

MIX IT

Mix with pond water in a 5 gallon bucket.

If you have treated with Algaecide/Herbicide, wait 72 hours before continuing with Step 3.
 Add EcoBoost PRx and proceed to Step 4.
 No temperature restrictions.

STEP 4

Pc

TOSS IT

Pre-measured Water Soluble Packets.

Add PondClear and MuckAway together every 2 weeks when water temperatures are above 50°F.

Ma

THROW IT

Precision pellets for maximum distribution.

Eb

EcoBoost® PRx

QUICK DOSAGE CHART

Use 10 lb (20 scoops) of EcoBoost PRx per 1/4 surface acre

Use as an initial or "reset" application to bind phosphates throughout the pond. PondClear includes a maintenance dose of EcoBoost PRx to maintain low phosphate levels when used every 2 weeks.

Pc

PondClear®

QUICK DOSAGE CHART

Pond Size (surface acres)	Dosage Rate (every 2 weeks)
Up to ¼	2 packets
Up to ½	4 packets
Up to ¾	6 packets
Up to 1	8 packets

For larger ponds, use 8 packets every 4 weeks per additional surface acres.

Ma

MuckAway®

QUICK DOSAGE CHART

Shore Length (square feet)	Dosage Rate (every 2 weeks)
Up to 1,000	1 scoop
1,001 - 2,000	2 scoops
2,001 - 3,000	3 scoops
3,001 - 4,000	4 scoops
