

Van Zyverden's
ALLIUM GIANT GLADIATOR

Allium are in the same family as garlic, onions, chives and shallots. This makes gardeners wonder if they should include them in their ornamental gardening plans, as it conjures up images of supermarket produce. Because good garden designs are often made up of different shapes, allium's rounded blooms make for high drama and interest in the garden. The allium group gets more popular annually, from over 300 species to choose. They amaze everyone and few plants create this kind of wow in the garden.

Among the largest and tallest Allium available

Deer and rodent resistant

Show-stopping color

About This Variety: The blossoms of the Gladiator are as large as skill training soccer balls atop tall stalks and are the big stars of the late spring garden.

Growing Instructions: As allium do not like wet feet, find a sunny location where the soil drains well or try to improve the drainage. The bulbs will rot in wet areas. Aside from that, almost no maintenance is required.

Care Tip: Dig, divide, and replant bulbs after a few years of increasing flower production.

Exposure: Full sun to partial shade

Height: Grows 44" tall

Spacing: Plant 12-16" apart, 7-8" deep

USDA Zones: Hardy in USDA zones 4-9

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
