

Van Zyverden's
PEONIES SARAH BERNHARDT

Peonies are perennials and are known to live for decades, even generations. The blooms are outrageously beautiful, producing lush, glossy, green foliage all summer long, turning purplish or gold in the fall. As stately and dignified as any shrub. They are well worth the investment in your garden.

Save money with smaller root size

Blooms for a 100 years or more

*Permanent investment
landscape plant*

About This Variety: Sarah Bernhardt - the queen of the peonies - yields large, pure pink, fragrant blooms that have made this variety a great peony choice and a Van Zyperden best seller since the beginning. What sets these peony roots apart, however, from our other Sarah Bernhardt peonies are its economy sized roots of 1/2 eyes. These economy sized roots are smaller (less eyes) than our standard sized peonies, but they will eventually grow into the same sized plants and flowers. It will just take a little longer for them to get grown and established. They will save you money and are a seasonal best buy. More bang for the buck!

Growing Instructions: In most of the country, the rules for success are simply full sun and well-drained humus-rich soil. Peonies even relish cold winters because they need chilling for bud formation. In zones 8 and higher they are harder to grow. They are not fussy, but choose your location wisely so that they can be left alone once planted. Plant away from trees or shrubs as peonies do not like to compete for food.

Care Tip: The plants require little maintenance as long as they are planted properly and establish themselves. They don't respond well to transplanting. Unlike most perennials, they thrive on benign neglect as they do not need to be dug and divided. Staking may be required. Prune foliage to the ground in the fall.

Exposure: Full Sun to Partial Shade

Height: Grows 24-30"

Spacing: Plant 12-24" apart, 1.5-2" deep

USDA Zones: hardy in USDA zones 2-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
