

Hitch-N-Ride

Cargo Hitch Hauler

Model # HNR1000ATV/UTV

Great Day's Hitch-N-Ride adds a new dimension of "packin" capacity to any off-road vehicle with a 2" hitch receiver.

The Hitch-N-Ride is perfect for transporting anything from hunting equipment and coolers, to firewood and wild game. It's perfect for working around the ranch, home, camp or industrial site.

The Hitch-N-Ride is constructed of **aircraft aluminum**, weighs only 21 lbs, and can handle a whopping 400 lb. load. With its low center of gravity, loading and unloading the Hitch-N-Ride eliminates a lot of backbreaking stress and strain. The "Z-Bar" attachment bar (7" rise), allows clearance for traveling over rugged, uneven terrain. The 22" X 50" X 7" (outside dimensions) carrying cradle provides lots of tie-down points to insure safe and secure transport. The Hitch-N-Ride installs in seconds with the *vehicles factory-furnished* hitch pin.

NOTE: Hitch pin NOT included
