

SCENTED GELS

ALL NATURAL REPELLENT/DETERRENTS

UNLIKE REPELLENTS/DETERRENTS THAT DISSIPATE QUICKLY IN WET RAINY WEATHER AND NEED TO BE CONSTANTLY REAPPLIED TO MAINTAIN THEIR FULL STRENGTH, THE NEW JUST SCENTSATIONAL SCENTED GELS ARE REMARKABLY WEATHER RESISTANT AND DON'T DISSOLVE OR LOSE THEIR POTENCY AFTER A RAINFALL. THESE CLEVERLY DESIGNED SCENTED GELS CAN BE EXTRUDED WITH A STANDARD CAULKING GUN. THEY DON'T REQUIRE ANY CONTAINER...JUST SPREAD ON THE SURFACE AROUND THOSE AREAS AND/OR PLANTINGS THAT YOU ARE TRYING TO DEFEND FROM UNWANTED PESTS. YOU CAN ALSO APPLY THE GAR-GEL DIRECTLY TO THE LEAVES, STEMS AND FRUIT OF PLANTS, SHRUBS AND TREES THAT YOU ARE SEEKING TO PROTECT. THE GAR-GEL USES BOTH ITS SCENT AND ITS TASTE TO DETER UNWANTED INTRUDERS.
