

approximate coverage for 1 gallon of the 9-23-0 DAP.

DAP 9-23-0	
Application rate	Rounded off
0.5lb/1000sf	21,333
1 lb/100sf	1,067
	21,000
	1,000

If you want to list them all the same I would suggest that the approximate coverage rates would be at the 0.5 lbs/1000 sf rate would be approximately 20,000 sf and the 1 lb/100 sf would be approximately 1,000 sf.
