

DYNE[®]

Special nutrition for when your livestock need it most

High calorie liquid nutritional supplement for cattle, sheep, goats and swine

Maximum nutrition
in a minimum volume

Maintains glossy coat
for show-ready animals

Easy to feed on its own,
mixed in or as a top dress

Highly palatable sweet
vanilla flavor encourages
consumption

Give your animal the calorie boost
he or she needs with this
specially-formulated supplement.

Every Animal. Every Day.

What type of animals benefit from Dyne®?

- **Animals being readied for show** benefit from a fuller appearance and glossy coat
- **Recovering animals** benefit from the high fat content that aids in regaining lost weight
- **Picky eaters** benefit from the sweet vanilla flavor that encourages consumption

How much does my animal need?

Dyne is available in 32 oz. or 1 gallon sizes to meet the needs of cattle, swine, sheep and goats.
