

Boss Buck Warranty

DOES NOT COVER:

Neglect, abuse, any alteration, or modification to a product, acts of Mother Nature, hardware, shipping cost, over torquing bolts (inserts), animals chewing on parts, livestock damage, blunt force impact, electronics, battery, handles, feet, control box, or any other accessories whatsoever.

NOTICE:

Using salt-based feed materials/blends through a Boss Buck control system will void the parts warranty! Salt based mineral supplements, such as Big Tine 30-06 mineral blend, will corrode and rust your feeder control box more rapidly than using corn, protein, or other non-salt-based feeds.

***Boss Buck Feeders are not warrantied for damages incurred when knocked over by wildlife, livestock, or acts of Mother Nature. We recommend properly anchoring your investment to prevent it from being damaged! ***

Important Notice*: We highly recommend you use foot pads on all Boss Buck feeders to protect them from sinking into the ground. Boss Buck offers Standard and Heavy-Duty feeder feet as an accessory for your convenience. Please use our foot pads or a suitable substitute to anchor down your feeder

***Please note There is a 1-year warranty on the motor from the day of purchase and a 2- year factory warranty on the timer. The timer has a date stamp on the back label which we use to determine warranty status. ***

COVERS:

Polyethylene Hopper, Blind Walls & Roof Material Only. Material will not crack, split, or break under normal conditions. Any severe damage to the Polyethylene material (hopper) that is not covered under this warranty can qualify for the sale of a replacement unit at a deeply discounted price upon return or acceptable photographic proof of damage.

RETURN AUTHORIZATION:

To request a warranty replacement please call GSM Outdoors customer service at 877-269-8490 to receive a return authorization number. Please provide the original receipt and photos of the warrantied item upon request. Do not return to the dealer. Our customer service will advise you if the item is under warranty and provide information on how to return the product and your return number.
