

Van Zyverden's
CLEMATIS COLLECTION 2 varieties

Clematis vines are prized for their incredible flowers. Known as the “queen of the Climbers”, clematis plants will train onto trellises and fences, or arch gracefully over doorways. They are stunning when used alone, creating major focal impact. Nelly Moser has creamy-pink flowers, with a bright pink stripe down each and every petal. It blooms early summer and again later in the summer. Clematis is an excellent choice for the home garden landscape.

Climbing vine

Blooms twice in a season

Great arbor plant

About This Variety: This Clematis Collection packs bold color into this mixture, consisting of the following varieties: Nelly Moser and Jackmanii. One root of each variety that is individually packaged and labeled.

Growing Instructions: Conditions will determine how well and large your vine will grow. The vine itself likes the sun, but the base of the plant (roots) like to be kept cool which presents a bit of a challenge. One way to accomplish this is to plant ground cover around them or by applying a good layer of mulch. They may also be grown in containers.

Care Tip: Water weekly. Annual pruning will help clematis look their best and produce more flowers.

Exposure: Partial shade to full sun

Height: Grows 6-8' tall

Spacing: Plant 4' apart

Hardy in: USDA zones 4-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
