- Appearance: Purple liquid
- Odor: Mild
- pH: (Typically alkaline – exact value available upon request)
- Solubility: Water-soluble
- Flammability: Non-flammable
- VOC: 0.00%
- Flashpoint: None

Market & Brand Position

- #1 rated cleaner/degreaser in its category
- Recognized as a market leader in industrial & household degreasers
- Strong customer loyalty with 4.6★ average rating (500+ reviews)
- Considered one of the most cost-effective degreasers on the market

Directions: PRODUCT MUST REMAIN UPRIGHT AT ALL TIMES. Test an out-of-sight area to determine surface acceptance and colorfastness, especially on aluminum, painted surfaces and fabrics. Before use, refer to the common use dilution ratio chart located at www.purplepowerinc.com. Wear rubber gloves, protect eyes & skin from direct contact. Use with adequate ventilation. Cover surface with Purple Power, allowing time to dissolve dirt & grease. DO NOT allow drying on surface being cleaned. Rinse with water.

Storage: Store in a cool, dry area. Keep container closed and upright at all times when not in use.

Disposal: Dispose in accordance with local, state and federal regulations.
