HORTONOVA TRELLIS NET

MALLA HORTONOVA PARA ENREDADERAS / MAILLE DE SUPPORT POUR LA CROISSANCE DES LÉGUMES

RECOMMENDED USES

Use as a crop support trellis for vegetable and flowering plants.

Spanish: Se utiliza como apoyo a los cultivos de enredaderas de hortalizas y flores.

French: Utilisation comme support de treillis pour la culture de fleurs et de plantes potagères.

Suspend above the ground so plants can be supported as they grow upwards through mesh.

Spanish: Al suspender la malla por encima del suelo, las plantas pueden encontrar apoyados a medida que crecen a través de ella.

French: Suspendue au dessus du sol, les plantes seront supportées au fur et à mesure de leur croissance jusqu'au haut de la maille.

Use in hydroponic systems for plant support.

Spanish: Para su uso en sistemas de cultivos hidropónicos como soporte de planta.

French: Utilisation dans les systèmes hydroponiques comme support de plante.

Use in container gardens, flower beds or planters as a planting support trellis.

Spanish: Úsela en camas de jardín, tendido de flores o macetas.

French: Utilisation dans des parterres de fleurs ou des jardinières comme support de treillis.

MESH SIZE 5.9-IN x 5.9-IN

Spanish: tamaño de malla 14.98-CM x 14.98-CM / **French:** maillage 14.98-CM x 14.98-CM

WHITE FA / BLANCO FA / BLANC FA

Scan the code for instructions.

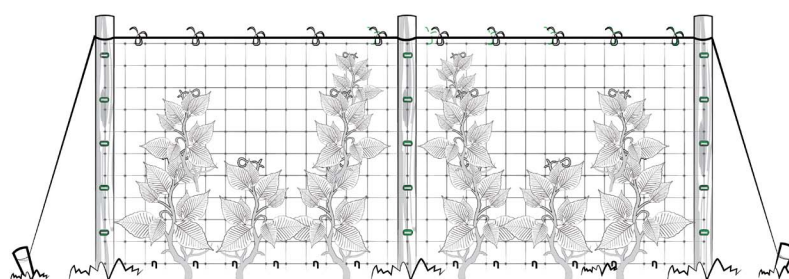

Spanish: Lea el código para obtener instrucciones.

French: Scannez le code pour les instructions.

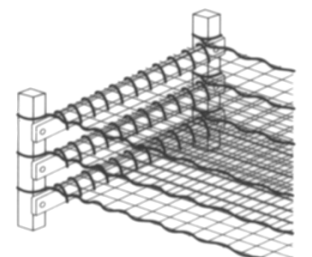

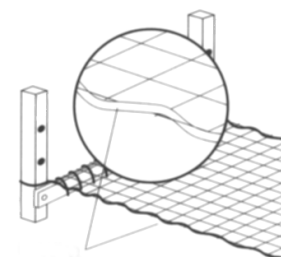

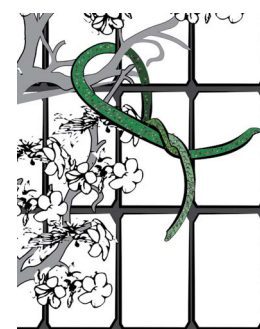

YOU MAY NEED

posts
nylon string
self-locking ties
scissors
hammer
sod staples
tent-style
stakes
tie wire

UPRIGHT APPLICATION

(1) Set support posts at a distance of 5 feet apart. (2) Stretch a cable from one post to the other. (3) Secure the Tenax Hortonova Trellis Net to the initial post with nylon string. (4) Use sod staples every 6 inches for contact with the ground.

LAYERING APPLICATION OR HORIZONTAL APPLICATION

(1) Set support posts at corners of the planting area. (2) Secure your Tenax Hortonova Trellis Net on posts approximately 6 inches from the ground so plants can grow up through the mesh. Multiple layers of your Tenax Hortonova Trellis Net can be used in the same fashion to support larger plants. (2) Secure your Tenax Hortonova Trellis Net to each corner post with self locking ties or tie wire.
