See The Difference.**

NET WT. 5 LBS. (2.27 KG)

DELITE®

How is Lyric Delite different from other wild bird foods?

Lyric Delite is unique. The shells have been mechanically removed from every ingredient, so it is 100% food. Delite contains zero waste. Buy a bag of sunflower seed and as much as 45% of the contents are seed shells that fall to the ground and go to waste. Every morsel of Lyric Delite, on the other hand, is a preferred edible food.

Why offer pre-hulled seeds?

Pre-hulled seeds are pure food. Birds eat every morsel, so there is no waste. Plus, Lyric Delite is waste-free. It is the perfect wild bird food to place in feeders in the garden or on the porch, patio or deck where seed shells from ordinary mixes can be an eyesore.

Pound for pound and dollar for dollar, Lyric Delite offers more value than any other wild bird food you can buy. Furthermore, because all ingredients in Lyric Delite lack a protective shell, seeds that fall to the ground do not germinate.

Lyric makes Delite because customers have asked for a waste-free, mess-free, weed-free food that birds love. Delite is our answer!

What birds eat Lyric Delite No Waste Mix?

Every seed-eating bird that visits your backyard will eat Lyric Delite. Sunflower kernels, shelled pumpkin seeds, peanuts, pecans and pistachios are all gourmet bird food.

Is there a “best” feeder for Lyric Delite No Waste Mix?

Because every ingredient in Lyric Delite is pre-hulled, it is essential that it be offered in a feeder that protects the seeds from snow and rain. If these unprotected seeds get wet or damp, they will spoil quickly, so be sure to offer Lyric Delite in a covered, protected feeder.

Lyric Delite will attract and feed these colorful songbirds:

Cardinals

Chickadees

Finches

Jays

Nuthatches

Titmice

Woodpeckers

AND MORE!

Ingredients: Shelled Peanuts, Sunflower Kernels, Pecans, Pistachios, Shelled Pumpkin Seed.

Guaranteed Analysis:

Crude Protein (min.):	20.0%
Crude Fat (min.):	35.0%
