FRUIT & NUT

Attracting birds to your backyard:

Using Lyric specially-designed mixes takes the guess work out of feeding wild birds. The key to feeding birds is knowing the different foods that are attractive and beneficial to specific birds. Once these preferences are understood you can increase the sights and sounds of wild bird activity in your backyard.

What makes Lyric Fruit & Nut different from other fruit and nut mixes?

Nuts: In order to make a genuine fruit and nut mix, it is important to start with a wide range of highly palatable nuts. Lyric begins by using roasted, shelled peanuts and Valencia peanuts - sweet, raw peanuts grown primarily in the Southwest. Valencia peanuts have a bright red skin that adds color and nutrition to the mix. Three of the most bird-desirable tree nuts are added next: almonds, pecans and cashews. Pistachios complete the nut portion of the recipe adding more color and variety.

Fruits: Cranberries and raisins are viewed as two of the most acceptable fruits for wild birds. The contrast in colors of Lyric Fruit & Nut adds to the attractiveness of the mix.

Bird Favorites: A filler-free mix of sunflower kernels, shelled pumpkin seeds and steamed crimped corn is added to Lyric Fruit & Nut. These prized foods are highly palatable to birds. A touch of a bird staple - black oil sunflower completes this unique mix.

Lyric Fruit & Nut will attract and feed these colorful songbirds:

Cardinals

Cedar Waxwings

Chickadees

Grosbeaks

Jays

Nuthatches

Orioles

Robins

Titmice

Towhees

Woodpeckers

And more!

What feeder should be used for Lyric Fruit & Nut Mix?

Hopper Feeders, Tray or Platform with Cover, or Tube Feeders with large ports can be used to get the widest variety of birds. You can limit the variety of birds by using specialized feeders for woodpeckers and other birds like nuthatches that do not require perches. Peanut feeders made of wire mesh tubes work well for this application. Use a baffle to deter squirrels.

Ingredients: Shelled Peanuts, Almonds, Cashews, Pecans, Steamed Crimped Corn, Black Oil Sunflower, Sunflower Kernels, Valencia Peanuts, Pistachios, Dried Cranberries, Shelled Pumpkin Seeds and Raisins.

Guaranteed Analysis:

Crude Protein (min.):	15.0%
