

CAUTION

Back Up Alarm should be louder than surrounding noise level. Check local codes and regulations to ensure compliance.

General Instructions:

1. Read all instructions before installing.
2. Disconnect battery before installing.
3. Do not mount alarm near exhaust system or other sources of excessive heat.
4. Do not mount alarm where it can be damaged by backing vehicle into an obstacle.
5. Do not mount alarm in enclosed area; sound level will be greatly reduced.
6. Mount alarm in vertical position, as high as possible above ground, centered between rear wheels and facing towards rear of vehicle as shown in drawing.
7. Using alarm as a template, mark, center punch and drill 2 3/16" holes for #10 screws. Use 2 #10 screws, lock washers and nuts (not provided) to secure alarm to vehicle.
8. Route wires carefully to avoid potential damage.
9. Consult wiring instructions below when connecting circuitry.
10. Alarm should be tested daily. Results should be recorded in the vehicle's maintenance file.
11. Attach warning sticker (provided) to dashboard in full view of operator.
