Suitable for contract

Meeting the legal requirements for contract use, the Jay-Be™ Visitor Folding Bed is a practical and reliable solution for Guest Houses, Hotels and other contract environments. The robust steel frame is finished in a high-quality epoxy paint for a long lasting new look and the J-TEX™ sprung base system offers exceptional support, durability, and comfort. The headboard means your guests won't lose their pillows in the night and 360° castors make it easy to manoeuvre. The Visitor's legs unfold automatically so it is also easy to open and close in seconds.

The Visitor's J-TEX™ sprung base is made from PVC coated woven polyester, a specially engineered technical fabric designed to be stretch resistant and offer long term durability. Suspended using high-tension

springs, the Jay-Be™ J-TEX™ sprung base system is extremely strong and independently tested and proven to perform as well as regular permanent beds. The mattress's Infinity Fibre comfort layers are created by bonding specially engineered flexible fibres made from sustainable plastic materials, preventing them from going into landfill or our oceans. This 100% foam free mattress is also odourless, hypoallergenic, free of harmful chemicals and VOC's plus it's increased breathability helps to maintain freshness throughout the night.

This Jay-Be™ folding bed achieves higher British, European and North American safety standards than regular domestic beds and comes with a free frame guarantee.
