

# Folding Kennel Crate

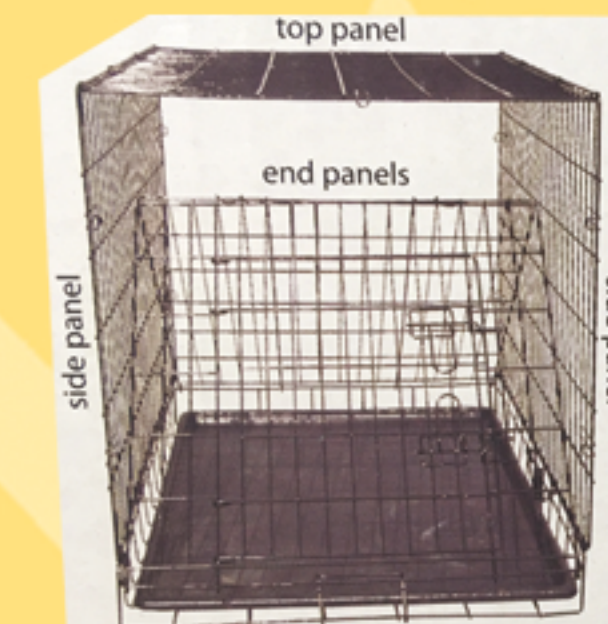

**Step 1:**  
Set Crate on the ground with the plastic pan on the bottom. Unhook the latch from the side of the crate

**Step 2:**  
Unfold one side of the crate completely and set it on the ground.

**Step 3:**  
Grab the top panel, lift up and swing over to form the main structure of the crate.

**Step 4:**  
Reach and pull up the end panels then lock into the side panel hooks. Secure the end panels to the top panel using the end panel hooks.

**Step 5:**  
Make sure end panels are properly secured. Once Crate is secure it is ready for use.

**Includes:**

- Carrying handle
- Two latches on door for extra safety
- Leak proof plastic pan
- Divider panel
