

CAL PLUS

Calcium Increase for Swimming Pools

PCAL-7
7lb Shaker Jug of Cal Plus

PCAL-40
40lb Box of Cal Plus

- Brings soft pool water to a normal calcium hardness level
- Helps prevent corrosion, etching and pitting of concrete surfaces
- Helps prevent damage to pool and equipment caused by soft water
- Scatter over the surface for quick and easy dissolving
- 1.25 lbs per 10,000 gallons will raise hardness 10 ppm
- Keeps pool water in the ideal range of 200 - 400 ppm
