

20 GALLON FLUID EVACUATOR WITH TRANSPARENT BOWL

The JDI-20EV-B is equipped with a 2-gallon transparent bowl which gives the operator the option to check quantity and quality of oil prior to discharging it into the tank below. The bowl is heat-resistant to a maximum of 212°F.

Applications include:

- Traditional automotive repair - Including oil, coolant, transmission fluid, brake fluid, differential oil and power steering fluid.
- Auto Dealers - Essential for European manufactured vehicles that do not include a factory drain plug (Audi/VW, BMW, Mercedes, Land Rover/ Jaguar).
- Quick Lubes - Avoid stripped drain plugs. Makes it easy to correct overfills.
- Motorcycle/ATV Service - Perfect for oil changes.
- Marine Applications - Boats, Jet Skis and other PWC.
- Farm & Industrial - Tractors, generators, off-road equipment.
