### **WHY DO YOU WANT MY PART BACK?**

We may need your part for several reasons:

We need to verify your replacement part is the correct one to send to you.

We require the part back so we may monitor defective parts and notify the correct manufacturer of potential future problems or recalls.

We need to verify that your part is in fact defective. Many times we receive parts that are not defective at all.

Items under warranty must be sent back in order to receive free exchanges.
