ECO-FRIENDLY
REPELLENTS

Everguard Repellents has over 20 years of experience developing, testing and deploying animal & insect repellents. We have extensively tested our products against animal & weather for its effectiveness and longevity.

DEER & RABBIT

The Problem Rabbits & deer can destroy your landscape and gardens when they are hungry.

The Solution We developed Everguard's Deer & Rabbit formula. A unique blend of plant oils, that when used as directed, can safely help discourage Bob & his friends from eating the landscaping.

- **SAFE FOR USE ON VEGETABLE GARDENS***
*When used as directed.
- **WORKS IN RAIN/SNOW**
- **NO ROTTEN ODORS**

Product Types Available

**CONCENTRATE
MIX WITH WATER**

**READY TO USE
SHAKE AND SPRAY**

**READY TO SPRAY
ATTACH HOSE**

**GRANULAR SHAKE
& SPREAD**

When properly mixed and dispensed we promise our products will outperform any other repellents on the market today with virtually no environmental impact.

TICK & MOSQUITO

The Problem Ticks & mosquitoes are annoying & make it difficult to enjoy the outdoors.

The Solution We developed Everguard's Tick & Mosquito formula. A unique blend of plant oils that, when used as directed, can help discourage Rob & his friends from hanging out in your backyard. Making it more fun for the people & pets who play there.

- **LASTS UP TO 4 WEEKS***
- **REPELS TICKS, MOSQUITOES & FLEAS**
- **SAFE FOR USE AROUND CHILDREN AND PETS***
*When used as directed.
