

Inventor™ Series

Auto-Darkening Welding Helmets

283429
August 2018

Quick Specs

**2-YEAR
WARRANTY**

Viewing Field 3.94 x 2.36 in. (100 x 60 mm)
Shades Darkened State: #9–13, Light State: #3
Switching Speed 1/25,000 second
Operating Modes Weld and grind
Sensors 4
Weight 19.7 oz. (560 g)

Large 9.3-square-inch viewing area with wide screen format provides improved visibility.

Four independent arc sensors provide dependable arc detection.

Grind mode prevents lens from darkening for clear, visible grinding.

Headgear provides extensive adjustability settings.

Analog controls allow welder to easily adjust shade, sensitivity and delay.

Helmet accepts magnifying “cheater” lens (see Accessories on back page).

Auto-on/off power control triggers lens at the strike of an arc.

100% continuous UV and IR protection.

Meets ANSI Z87.1-2015, CSA and CE EN379 standards.
