CUSTOMER TESTIMONIALS

“As a dog trainer, my dogs need to look and feel their best. Ever since I started using Omega Canine Shine®, I have noticed their coats are softer and shinier than ever. Omega Canine Shine® is easy to serve and they love the flavor. They gobble it right up and are looking for more!”

~ Barbara O'Brien, WI

ANNIE,
CANINE SHINE®
AMBASSADOR

“Omega Fields® has an awesome product called Omega Canine Shine®. We are truly amazed at how fast this product started enhancing our dogs' overall coat appearance and energy levels. We started feeding Omega Canine Shine® to our dogs and within 5-8 days their coats were soft, shiny, and we've seen less shedding in the house. What is even better is our 8 year old dog is back to wanting to play ball with our 3 1/2 year old dog, Logan. The energy that has come back in our older dog is amazing. She is going after balls like when she was a youngster. Our dogs love the taste of Omega Canine Shine®; as soon as we open the pouch to feed them, they run circles and can't wait to be fed. Thank you Omega Fields® for providing canine lovers with such a wonderful product.”

~ Dave and Sue Ostendorf, MN
