

Van Zyverden's
LILY REGALE

Lilies are one of the great garden plants, as they are beloved by gardeners everywhere. Their beauty, diversity, extended season of bloom, graceful stature and overall reliable disposition reflect the fruits of hundreds of years of selective breeding. In Chinese, the word "Lily" means "forever in love." The Liliium family is so large, varied and complex that it is challenging to describe them in short. Lilies are deer and critter resistant. Plant just about anywhere - in borders, beds, cutting gardens, perennial gardens, pots and containers.

Plant in fall for superior results

Award winning variety

Years of color

About This Variety: Liliun regale, a trumpet type, is well regarded for its large white blooms with pink reverse and silvery leaves. Its fragrant and among the first to bloom of its type. Once well established it may grow as tall as 6' with up to 25 flowers per stem. Commonly called regal lily. Makes for a dramatic long lasting cut flower.

Growing Instructions: Plant in well-drained soil where they will receive 6-8 hours of sun a day. They are winter hardy and considered a strong perennial that can be left in the ground and will re-bloom year each year if the conditions are right. Lilies perform best when well mulched.

Care Tip: Lilies prefer cool soil, which argues for shade at their feet from low-growing companions. When cutting the flowers for bouquets, remove no more than 1/3 of the stem so sufficient leaves remain to renew the bulb for the coming year.

Exposure: Full sun to partial shade

Height: Grows 36-48" tall

Spacing: Plant 6-8" apart, 6-8" deep

USDA Zones: Hardy in USDA zones 4-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
