

## Trash & Recyclables Storage Shed

Keep outdoor pests out of the garbage with Hanover's backyard Trash and Recyclables Storage Shed.

Constructed from galvanized steel, this strong, durable shed is resistant to rust, corrosion, and UV rays for year-round use. Plus, two top side vents provide plenty of air circulation to keep odors at bay.

Front double-doors open fully to allow easy access and are secured with a lock and key. The hinged pent roof allows quick water runoff during rainstorms as well as top access with a lock and key.

For all your outdoor storage needs, depend on quality products from Hanover.
