

HOLD-FAST® GLUE TRAPS

Victor® Hold-Fast® Glue Traps can help protect all areas of your home from rats, mice, snakes** and insects. 10 **PLUS** customizable configurations allows for unlimited placement options.

INSTRUCTIONS

- 1. Separate Trays** - If desired, separate traps by tearing down the middle.
- 2. Place Trays** - Where signs of rodent activity are visible or along walls where rats and mice travel.
- 3. Dispose** - Discard entire glue tray once rodent has been caught.

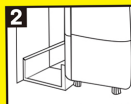

Victor® Glue Traps can be used as a flat glue board or folded into a covered tent-like trap to protect the glue from dirt or debris.

Note: If no rodents are caught in 2-3 days move glue tray to a new location.

For Humane Release: Put on gloves. Apply vegetable oil. Release with pencil.

CAUTION: Do not place trays where birds or non-target animals may come in contact with the adhesive. Do not use in wet areas.

*When compared to 2.5" x 4" glue trays.
