Top Gun Stand Dryer instructions

Congratulations, you now own the most powerful and versatile stand dryer ever created.

Follow these steps to use your new dryer:

1) Insert the grounded plug of the power supply cord into wall outlet.

IMPORTANT: PRODUCT MUST BE GROUNDED.

WARNING: IMPROPER CONNECTION OF THE EQUIPMENT–
GROUNDING CONDUCTOR CAN RESULT IN A RISK OF ELECTRIC
SHOCK.

- 2) Start the dryer/blower motor by rotating the variable control "clockwise" from off (0) to 100%. The variable control enables users to "dial in" the EXACT amount of blowing power needed.
- 3) The variable heater control lets users control the level of temperature from 0 to 100%
- 4) When using the optional RAK-6 attachment kit, *the heat must be in the OFF position.*

NORMAL MAINTENANCE, SUCH AS MOTOR BRUSH REPLACEMENT, CAN BE MADE AT YOUR LOCAL SERVICE SHOP. MOTOR BRUSH LIFE IS APPROXIMATELY 500 HOURS.

BRUSHES SHOULD BE CHECKED BETWEEN 200–250 HOUR INTERVALS. SEE ENCLOSED INSTRUCTIONS. FILTER LIFE IS DEPENDENT ON USAGE. CHECK AND REPLACE WHEN REQUIRED.

CAUTION: DO NOT DROP THIS APPLIANCE. MOTOR MALFUNCTION CAUSED BY PRODUCT BEING DROPPED IS NOT COVERED UNDER WARRANTY.

UNPLUG WHEN NOT IN USE

THE VERSATILE, POWERFUL, DURABLE PET DRYER

Take pet grooming to the next level with the Air Force® Top Gun® Variable Speed Pet Dryer by MetroVac!

The Air Force® Top Gun® Variable Speed high performance pet dryer is designed to provide you with faster, more efficient pet drying and leaves your hands free to style your furry clients.

The new Top Gun® features variable speed and heat control providing you with infinite command over the level of blowing power and heat used.

Versatility and ease of use are key when purchasing stand dryers. You can easily adjust the height, pivot the dryer head and rotate the dryer nozzle 360 degrees to position the airflow exactly where you need it. With Top Gun, you'll get the right angle to style dogs every time.

With the optional RAK-6 attachment kit you can even use it as forced air drying at the tub!

FEATURES:

- Full Body of Steel
- Variable heat and speed settings
- Includes 5 legged, anti-tip base and adjustable height column
- Optional RAK-6 attachment kit for forced air drying at the tub

Made in the USA

ASSEMBLY INSTRUCTIONS

Step 1: Insert chrome column into 5-legged base.

Step 2: Attach TG dryer unit to top of adjustable column
