

PICK THE PERFECT DK2 SNOW PLOW FOR YOU

STEP 1 PICK YOUR MOUNTING STYLE

UNIVERSAL MOUNT

Our Universal Mount fits any 2" Class III Receiver Hitch.

CUSTOM MOUNT

Custom designed vehicle specific mounting brackets to give your plow added strength.

STEP 2 PICK YOUR LIFTING MECHANISM

ELECTRIC WINCH

Specially designed 3,000lb Warrior Snow Plow Winch.

Good for residential use (standard asphalt, gravel or cement driveways and lots)

ELECTRIC ACTUATOR

IP67 Rated Electric Actuator provides ultimate reliability.

Good for standard and larger residential surfaces (premium paver, stone, extended driveways and lots)

HYDRAULIC

Full Hydraulic System offers premium performance and reliability.

Perfect for big clearing jobs (business parking lots, feed lots and commercial drives)

STEP 3 PICK YOUR BLADE SIZE

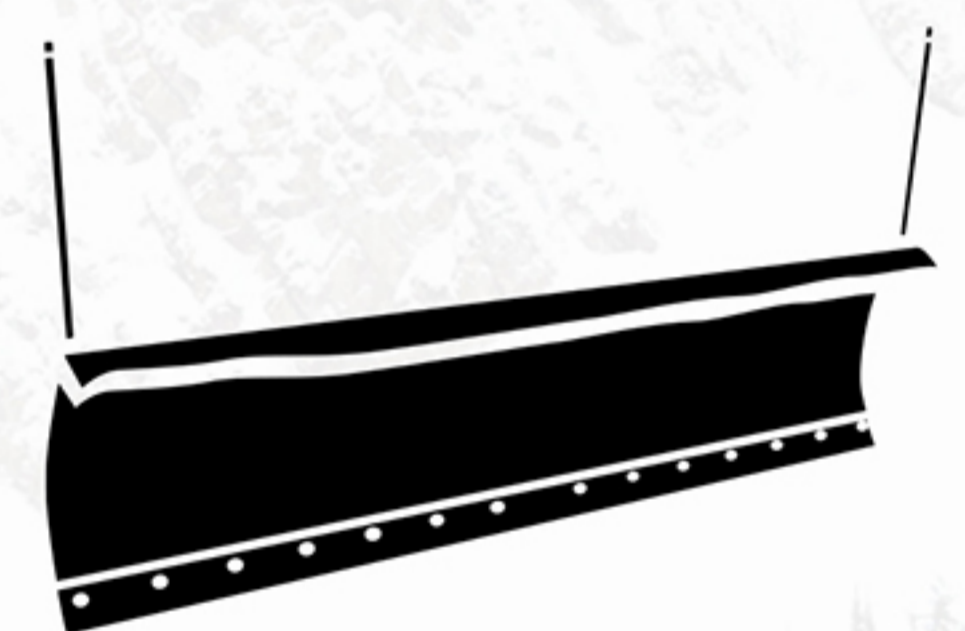

82 X 19

Smallest blade size available.

84 X 22

Medium blade size.

88 X 26

Largest blade size available.
