EQUINE PRODUCTS

Our unique products utilize the power of far-infrared rays to stimulate healing and support overall wellness. Our SMART products combine our exclusive fabrics with magnetic therapy. Each unipolar, north facing magnet features either 1100 or 2400 gauss surface strength and is individually sewn into a soft neoprene casing for an enhanced, more targeted therapeutic effect.

Poll Pad & Smart Poll Pad

With its ability to provide comfort to the poll atlas, TMJ and Governing Vessel 24, our poll pad features 4 Velcro® straps for correct placement and is padded for comfort. Easy to use on the bridle or halter. *Smart version features 2 magnets in the center. Available in Black, Pink, Blue, Purple and Brown. One size.

Polo Wraps

Featuring just the right amount of stretch for a perfect wrap time after time, our polo wraps are moisture wicking and breathable with Velcro® closures. Available in grey. Horse and pony sizes. Sold in sets of 4.

Antimicrobial VersiWraps

Versatile for use with exercise bandages, stable bandages, or as a medical dressing. Antimicrobial, breathable and moisture wicking. Available in black. 12", 14" and 16" heights.

Rejuvenate SmartScrim

Our patent-pending design features a durable far-infrared mesh with 90 magnets sewn strategically over key acupuncture points. Adjustable chest closures, leg straps and surcingle, allows for a practical and customized fit. Use alone or under a correctly fitting winter blanket. Available in black. 68", 74", 78" and 82" sizes.

Rejuvenate SmartHood

Far-infrared emitting lycra hood with 27 magnets sewn strategically over key acupuncture points targeting the head, neck and shoulder areas. Eye and ear holes for comfort. Adjustable surcingle closure for a practical, customized fit. Available in black. Medium, Large and X-Large sizes.

Smart QuickWraps

Our unique double layer design allows the inner layer to be used independently with a compression wrap or together with the outside layer as a complete QuickWrap. The perforated inner core foam promotes breathability and comfort for extended use. Elastic straps ensure a customized, practical fit. Available in black.
One size fits most. Sold in pairs of 2 for hind and/or front legs.

CANINE PRODUCTS

OUR CORE BENEFITS

Reduces Anxiety · Increases Mobility · Provides Support

Comfort & Care Shirt

With its flexible design, our unique canine shirt provides support, comfort and therapy during rest or activity. Utilizing hygscopic textile technology, this product remains moisture wicking for easy, year-around use. As an added benefit, the shirt provides a supportive compression, often stimulating a calming response. Available in X-Small, Small, Medium, Large, and X-Large.

Comfort & Care Sleeves

With their flexible design, our unique canine sleeves provide support, comfort and therapy during rest or activity. Cradling the shoulder and front legs joints specifically, this product is excellent for dogs that struggle with joint and muscle pain in those areas—or as a preventative measure for canine athletes. Utilizing hygroscopic textile technology, this product remains moisture wicking for easy, year-around use. Available in black. X-Small, Small, Medium, Large and X-Large sizes.

A letter from our Founder and CEO :

There have been been many heroes in our history—people who have changed and impacted our world in many ways. But what about the unlikely heroes? The dogs, cats, horses, and even wild animals, among us?

I often think of them and it reminds me of why I initially fell in love with animals as a child. And why, despite the many setbacks I've encountered, we've pushed forward to bring animals (and people) products that help them heal and bring them comfort.

We are so proud to be a business ambassador of the ASPCA and will provide consistent support to their incredible cause and mission to save lives. It's another way for us to give back.

-Kat Chrysostom & The Benefab® Team

ASPCA BUSINESS AMBASSADOR 2019
