POSTS

4 FT STEP-IN FENCE POST

50 PER BOX

- Ideal for electric fencing—clips hold electric fence wire or polytape up to 2" wide.
- Eight clips hold wire or polytape at a variety of heights.
- Lightweight post is ideal for use in temporary fencing.
- Molded of reinforced polypropylene with ribbing in the I-beam shaft for extra strength.
- Large step-in flange for easy insertion into the ground.
- Anti-rotation point molded into step-in flange keeps post aligned.
- Heavy-duty steel spike for long life and stability.
