

POSTTM protector

"As soon as I found Post Protector I knew I would use them. Their products address my foundation longevity concerns without giving up the simplicity and affordability that make pole barns so attractive." - London County, TN

“When I point out the Post Protector foundation protection, my customers embrace the added protection and any post-longevity concerns are immediately extinguished.” – Berkshire County, MA

“Post Protector’s foundation protection system will give you the best of both methods. Addressing the decay concern by eliminating all ground contact like the ‘continuous foundation’ while enjoying the simplicity, affordability of the traditional wood foundation.” - Boone County, KY
