

LIBERTY SAFE[™] ACCESSORIES

We sell the best-built safes in America, but that's not all we have to offer. We also have a full lineup of accessories. They're designed to let you customize your Liberty for a home safe that fits your needs perfectly.

Check out our customer favorites, like our dehumidifier rod, light kits, and outlet kits. And be sure to have a look at our compact vaults, tactical bags, Liberty gear and more.

You can find it all online at [LIBERTYSAFE.COM](https://www.libertysafe.com)

CUSTOMER FAVORITES!

DRY ROD DEHUMIDIFIER

Increases the temperature in your safe, which creates a natural convection that slowly circulates warm, dry air throughout its interior. This helps dissipate humidity to keep your valuables from becoming too moist. **\$17.99** for our 12-inch dehumidifier.

LIGHT KITS

Whether you opt for our newly redesigned Brightview lights (**\$23.99**) or upgrade to our 5- or 6-wand Clearview lights (**\$109.99-\$129.99**), our easy-install kits make illuminating your safe's interior simple.

ELECTRICAL OUTLET KIT

Plug in your dehumidifiers, lights, laptops, and more with our outlet kit. It comes ready to go and is easy to install using the pre-cut hole in the back of your safe. **\$32.99**

COMPACT VAULTS

Our compact vaults are the perfect size for storing small valuables. Keep them close — on your nightstand, under your bed, or even under your car seat — for quick access. All of our compact vaults can be easily secured using our security cable (comes standard with some larger models). Prices start at **\$22.99** for our key vaults and **\$119.99** for our quick vaults.

LIBERTY GEAR

Show off your great taste in safes with our Liberty Safe tees and hats. We've got styles for both men and women starting at **\$19.99!**

Prices subject to change. For current pricing and our full line of accessories visit
