GENERAL INFORMATION

Your new chair is made from the finest materials available. It should provide many years of enjoyment with minimal care. This chair is intended for outdoor use but as with all wood products, it will age faster with exposure to the weather and sun.

For best results, keep your chair clean and dry. Clean with a soft, damp cloth. If you use furniture covers, always make sure the chair is clean and completely dry before covering, as mold may form in dark, wet places. Between uses and when seasonally out of use, store this chair in a dry, temperature controlled place to prolong its useful lifespan. Check the hinges on your chair regularly to make sure they are secure.

To avoid damaging the chair, do not drag when moving.

The weight limit for this chair is 330 LB/150 KG.
