

# Turn your livestock into a champion from the inside out.

Formulated to provide natural GMO-free Omega 3 and Vitamin E to your performance livestock. Our targeted formula provides for:

- optimum whole body health
- joint and tendon repair
- heart and nervous system support
- great looks
- muscle growth and recovery

## What Sets Excel Supplements™ Apart?

Our proprietary blend of natural oils contain up to 45% of the valuable omega-3 alpha linolenic acid (ALA) and provides a unique balance of omega-3, 6 and 9 fatty acids. The favorable fatty acid profile, along with with important antioxidants, polyphenols and sterols, support the production of anti-inflammatory compounds for increased vitality for the health of your livestock animal. The bio-availability of Excel's cold pressed oil ensures these essential components directly benefit your animal. Natural Vitamin E, which is more easily utilized but the body than synthetic forms, together with the polyphenols act as antioxidants for longer shelf life and extra health benefits.

## Cultivations and Productions

All our products are 100% natural and GMO free. We strictly monitor the cultivations as well as the on-site cold pressing of our own unique camellia varieties. All of our oils are exclusively cold pressed to guarantee the highest quality and bio-availability. Ensuring THE best results for your livestock animal.
