

★ Industry Leading Innovation ★
Self-Centering Plug Cutter
No drill press needed!

BEST IN CLASS
INNOVATION AND PERFORMANCE

2-point cutting blades

Quick-change 1/4" hex shank

Exclusive Feature
Retracting, self-centering anchor post

Black oxide finish prevents corrosion and increases performance

Heavy-duty single piece construction

Heat-treated high-alloy steel

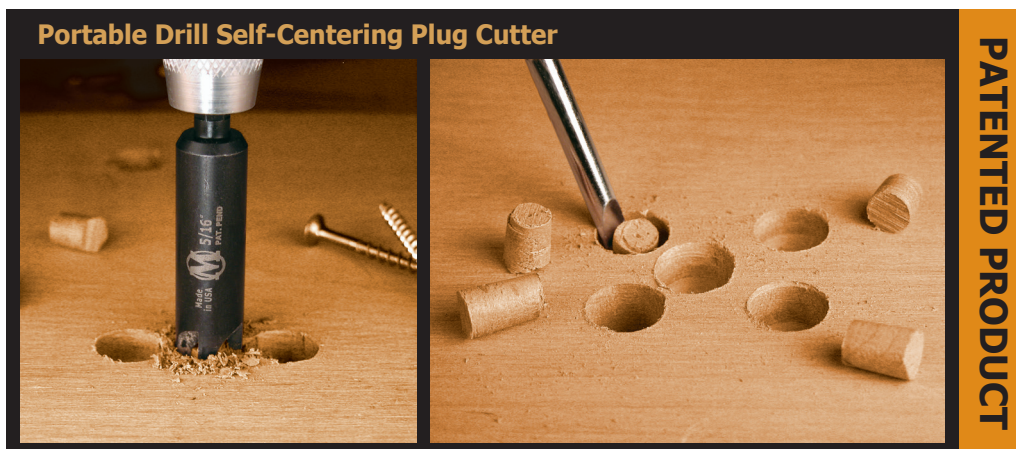

U.S. Patent #7,578,324

Features:

- Unique self-centering design
- Retractable guide pin
- 2-point cutting blades
- Heavy-duty single piece construction
- CNC precision machined high-alloy steel
- Black oxide finish

Benefits:

- Cut wood plugs with a hand-held portable drill
- Innovative anti-skate design
- Cuts fast and clean
- Stays sharp longer for extended tool life
- Cuts accurate size tapered plugs for tight fit
- Time saving convenience – cut plugs at the job site
